

The 2020 Alyssa Paige Slape Memorial Scholarship

Dear Scholarship applicant,

Alyssa Paige Slape was one of the most caring and giving individuals you could ever meet. In order to continue her generosity, we are pleased again this year to be offering a \$500.00 scholarship for one Boone and one Newton county graduating senior who are planning on attending NAC in the fall 2020 semester. You will be required to fill out the application and write a full page letter explaining why you should be the recipient of this scholarship. The scholarship is meant to be given to the person with the most need for assistance and who best displays the qualities of kindness and responsibility that Paige displayed. With this in mind please be as descriptive as possible on what your needs are and what your activities are so that we may be able to help the most productive and worthy applicant, not necessarily the one with the highest GPA, ACT, or the lowest income, but the one with the most need.

The deadline for applications and letters is Wednesday April 15th, 2020. You must have your application and letters to the address listed below by April 15th. No late applications will be accepted. You may email your application. When awarded, scholarship funds are paid directly to the NAC admissions office. We are looking forward to receiving and reviewing each of your applications and letters.
